Phone Apps

Too Good To Go

Every day, fresh food goes to waste at cafes, restaurants, & shops - just because it hasn't sold in time. The Too Good To Go app lets you buy and collect this food - at a discounted price - so it gets eaten instead of wasted.

OLIO

OLIO connects neighbours with each other and with local businesses so surplus food can be shared, not thrown away. To access items, simply browse the listings available near you, request whatever takes your fancy and arrange a pick-up via private messaging.
