COVID-19 UPDATE: For the safety of our patients - in line with the national requirement to minimise contact and in keeping with other hospitals and hospices - we have taken the decision to limit visitors to our In Patient Unit. This situation is under daily review and we may need to apply stricter controls in the coming days: For all people who are felt to be in the very last days of life we will maintain a short list of the closest relatives who can visit, ensuring that they stay with the person in their room and do not mix with visitors for other patients. The list will be agreed on admission and no other visitors will be allowed. We are exploring whether we can enable Skype type facilities in the rooms to allow people to interact with the rest of their family and friends. For people admitted for symptom control we are limiting visitors to one named visitor only and ask that they limit their visits to one hour a day. We will no longer be able to offer the family room for overnight accommodation. One family member can stay overnight in the room of someone who is in the last days of their life. The family lounge will no longer be used as we wish to avoid family members coming in close contact. We are sorry that we have had to take this action but need to protect our patients, their families and our own staff so that the hospice can continue to provide care throughout this difficult time.

Little Havens Hospice provides care for children who are life-limited, are life-threatened or have palliative care needs. What this means is that the child has been diagnosed with a condition, meaning that their life may be shortened. We can care for children and young people under the age of 19. We care for children, young people and their families from Essex and the surrounding London boroughs.

Farleigh Hospice Bereavement Support

Website: www.farleighhospice.org/advice-support/support-for-families-and-carers

The advice line is available between 8am and 8pm, 7 days a week, on 01245 455478.

COVID-19 UPDATE - at this time we are limiting access to Farleigh Hospice to only essential visits by staff and volunteers, as well as family and friends of those that are currently in our In Patient Unit.

We have developed a new support service called our 'Farleigh helpline' which is available via telephone to be a listening ear and to provide information and support. This service will also provide a link with community groups for people who use our services who require practical assistance during this difficult time. The advice line is available between 8am and 8pm, 7 days a week, on 01245 455478.

We continue to accept referrals to both our adult and children's bereavement services, with sessions taking place via telephone or virtually.

Experiencing the loss of a family member can be extremely distressing. Our Bereavement Support team are on hand to help you through the emotional impact of grief. We recognise that bereavement affects everyone differently, so we offer a range of support options to best suit you or your family member. We provide support for anyone who lives in the mid Essex area; you do not need to have a previous connection with Farleigh.

Yo-Yo is a community service for children and young people aged 4 to 18. The service is partly funded by Children in Need.

The options for support are:

- 1 to 1 support
- Counselling/art therapy
- Group work – we have a range of groups:
- Mini HUB (Help Understanding Bereavement) - a 5 week course for 7 -11 year olds, looking at bereavement, how it's affected you and to meet with others in a similar situation
- Out door activity days

We support young people's clubs across Essex.

Our clubs are diverse, ranging from the small rural youth clubs with under 20 members who meet once a fortnight, to large multi-facility clubs with over 500 members and open almost 24 hours a day.

These clubs affiliate to us to access our club support services and our activity program which help both volunteers and club members to develop themselves and their club.

<p>Essex County Fire & Rescue Service – Juvenile Fire-Setters</p> <p>Tel: 01376 576022 Email: jfs@essex-fire.gov.uk Website: www.essex-fire.gov.uk/Community_Development/Juvenile_Fire-setters/</p>	<p>COVID-19 UPDATE - in light of the current situation regarding coronavirus, we've made the decision to postpone our upcoming public events. We will update this page if anything changes. Please get in touch with your point of contact if you are unsure as to what to do next. If you're struggling for ways to keep your children involved, or want to get them involved in understanding how to reduce fire risk in their home, take a look at our fire safety activities for children web page - www.essex-fire.gov.uk/Home_Fire_Safety/Home_Fire_Safety_Activities_for_Children/</p> <p>Many children and young people have a fascination with fire, but for some this fascination can take a dangerous turn and lead to fire setting. This is where Essex County Fire and Rescue Service's Juvenile Fire-Setters Scheme can help.</p> <p>The Juvenile Fire-setter scheme (JFS) is a free service that aims to deter children from becoming involved with fire-setting behaviour. Our trained advisors can offer help and guidance to young people up to and including 17 years of age. Our advisors work in pairs and can visit children in their homes, at school or a designated place of safety. The scheme has been in existence since 1997 in that time, we have engaged with thousands of children.</p> <p>Signs of fire setting include:</p> <ul style="list-style-type: none"> • Small burn holes in carpets • Charred paper in sinks or bins • Matches or lighters in your child's bedroom, school bag or coat • An unusual fascination with fire • Unexplained fires in the home <p>Anyone can make a direct referral to the Juvenile Fire-Setter scheme. Historically we have received referrals from families, schools and other related agencies. An intervention can only take place with the permission of the parent / guardian of the child.</p>

COVID-19 UPDATE - To support those experiencing hardships through the Corona Virus, Wilderness Foundation offers the services of a team of a voluntary mentor or coach to talk through any dilemmas young people have, to support them and offer some company. They also offer therapy and counselling for those in crisis. This is delivered by telephone or online for the time being although WF therapists and mentors usually working outside. For more information or help for mentoring or therapy please contact info@wildernessfoundation.org.uk and we will do our best to help the young people. To break up lock down – The Wilderness Foundation UK launches ‘Wild Time’ an online series of tools and exercises to stay engaged with nature and the outdoors – even from your window – during the lock down. Others are to manage your mental health. These can be found on at <https://wildernessfoundation.org.uk/wildtime/>. Three main resources: mindfulness techniques, practical activities to do with the family or on your own, and reflections and tools for maintaining positive relationships are refreshed daily. The Foundation is promoting social media channels for updates on all these topics plus more on nature and the environment- @wildernessfoundationuk and @chathamgreenproject. Public are invited to engage by sharing photos, writing, art and their own ideas which will be added in and social media will boost the sharing platform. Wild Time programme will help families and those living on their own to get through isolation for some and being squashed together for others

Youth ages 15–21 who struggle with family, social, and personal problems find a new way of living through the Wilderness Foundation’s six month long TurnAround programme

Participants typically face multiple barriers to success, such as poverty, abusive or ineffective families, drug and alcohol abuse, school failure, and youth offending orders. Through outdoor adventures and intensive mentoring, TurnAround empowers young people to build a brighter future.

TurnAround uses wilderness therapy, challenging outdoor experiences, one-on-one life coaching, and educational activities to enable vulnerable young people to overcome their challenges and take control of their lives.

Our success rate averages 83% of our graduates entering further education or employment and sustaining this into the future. We remain in contact with many young graduates on a regular basis.

Our vision:

To get 1 million people active by driving and sustaining participation in physical activity and sport.

Our Mission:

Working with our partners, we will create the opportunities and resources to achieve this, reducing inactivity and developing positive attitudes to health and wellbeing in communities across Greater Essex.

You can find out more about our vision and mission and how we plan to achieve these here.

Our Work:

- Sharing information about activities, events and opportunities for people to get active across the county
- Supporting the professional development of those working within / or interested in the Sport and Leisure sector. This includes managing the Active Essex and Coach Core Apprenticeship programme, running training courses for coaches and referees and sharing further development courses
- Signposting funding and grant opportunities for organisations, community initiatives and individuals
- Supporting schools across Greater Essex to increase participation amongst children and young people
- Increasing accessibility and raising participation within disability sport, through our All Together ambassador scheme
- Driving female participation in sport and physical activity through our 'This Girl Can Essex' ambassador scheme and 'Women Like Us' festivals
- Working as a key partner in the delivery of the Essex Local Delivery Pilot (ELDP). Essex is one of only 12 places in the country to be part of this game changing Sport England initiative and will benefit from a share of around £100 million of National Lottery funding to support participation in the most deprived areas of the county

COVID-19 UPDATE - in light of the current situation regarding coronavirus, we've made the decision to postpone our upcoming public events. We will update this page if anything changes. Please get in touch with your point of contact if you are unsure as to what to do next. If you're struggling for ways to keep your children involved, or want to get them involved in understanding how to reduce fire risk in their home, take a look at our fire safety activities for children web page - www.essex-fire.gov.uk/Home_Fire_Safety/Home_Fire_Safety_Activities_for_Children/

Many children and young people have a fascination with fire, but for some this fascination can take a dangerous turn and lead to fire setting. This is where Essex County Fire and Rescue Service's Juvenile Fire-Setters Scheme can help.

The Juvenile Fire-setter scheme (JFS) is a free service that aims to deter children from becoming involved with fire-setting behaviour. Our trained advisors can offer help and guidance to young people up to and including 17 years of age. Our advisors work in pairs and can visit children in their homes, at school or a designated place of safety. The scheme has been in existence since 1997 in that time, we have engaged with thousands of children.

Signs of fire setting include:

- Small burn holes in carpets
- Charred paper in sinks or bins
- Matches or lighters in your child's bedroom, school bag or coat
- An unusual fascination with fire
- Unexplained fires in the home

Anyone can make a direct referral to the Juvenile Fire-Setter scheme. Historically we have received referrals from families, schools and other related agencies. An intervention can only take place with the permission of the parent / guardian of the child.

opportunity. Those identified as High Risk would already be deemed to be involved with gangs and at a much greater risk of harm.

Guidance on use of the Assessment/Referral:

Step 1 – Identify the risks and protective factors: Ensure the practitioner has completed the risk assessment below with the Parent/carer of the individual in question.

Step 2 – Identify additional vulnerability factors/Intelligence: Include details on any additional information concerning the vulnerability of the individual and would help to aid the development of the action plan around them.

It is imperative that this risk assessment form is completed with the person who has parental responsibility for the child, and consent is obtained for information to be shared in a multi-agency forum, in order for the assessment to be referred. In the event of consent not being obtained, specific reasons as to why must be provided.

Step 3 – Detail involvement with partner agencies: Include details of any known agency involvement with the child/adult/family either past or present

Step 4 – Identify the individual and the assessor: It is imperative that the full details of both the individual and the assessor are recorded in this section

Step 5 – What to do next: Follow the guidance set out in part 5. This will ensure you have reviewed and recorded the risk and shared with the relevant professionals.

The Invisible Lives CBA programme provides a whole family approach to support children (aged 8-19 years) and their families when there has been an adverse change in the child's behaviour which may result in risk taking behaviours and / or lead to potential offending.

In order to access support the child must reside and attend mainstream education within Essex and have a parent / carer or sibling within the criminal justice system.

The service offers individual support in the family home and school for up to 8 sessions, with the potential for further support based on reviews and outcomes

The child or young person must be exhibiting one of the following:

- Conduct disorder
- Aggressive behaviour
- Disruptive behaviour
- Deceitful behaviour
- Violation of rules

Additional factors can be taken into consideration when making a referral such as:

- Child at risk of school exclusion or being excluded permanently, or on a reduced timetable as a result of family functions or family offending behaviours
- Children vulnerable and at risk due to other factors

Who can refer?

- Education
- Police
- EWMHS
- Social Care
- Voluntary Organisations
- Self-referrals

Referrals cannot be made by the Youth Offending Team, or for children who are subject to CP plans.

<p>The Silent Solution</p> <p>Website: https://www.policeconduct.gov.uk/sites/default/files/Documents/research-learning/Silent_solution_guide.pdf</p>	<p>WHEN YOU CALL 999 All 999 calls are directed to call centres and will be answered by BT operators. They will ask which service you need. If no service is requested but anything suspicious is heard throughout the process, BT operators will connect you to a police call handler.</p> <p>IF YOU CALL 999 FROM A MOBILE It is always best to speak to the operator if you can, even by whispering. You may also be asked to cough or tap the keys on your phone in response to questions. If making a sound would put you or someone else in danger and the BT operator cannot decide whether an emergency service is needed, your call will be transferred to the Silent Solution system. The Silent Solution is a police system used to filter out large numbers of accidental or hoax 999 calls. It also exists to help people who are unable to speak, but who genuinely need police assistance. You will hear an automated police message, which lasts for 20 seconds and begins with 'you are through to the police'. It will ask you to press 55 to be put through to police call management. The BT operator will remain on the line and listen. If you press 55, they will be notified and transfer the call to the police. If you don't press 55, the call will be terminated. Pressing 55 does not allow police to track your location.</p> <p>WHAT THEN? When transferred to your local police force, the police call handler will attempt to communicate with you by asking simple yes or no questions. If you are not able to speak, listen carefully to the questions and instructions from the call handler so they can assess your call and arrange help if needed.</p> <p>IF YOU CALL 999 FROM A LANDLINE Because it's less likely that 999 calls are made by accident from landlines, the Silent Solution system is not used.</p> <p>If, when an emergency call on a landline is received: - there is no request for an emergency - the caller does not answer questions - only background noise can be heard and BT operators cannot decide whether an emergency service is needed, then you will be connected to a</p>

police call handler as doubt exists. If you replace the handset, the landline may remain connected for 45 seconds in case you pick it up again.
If you pick up again during this 45 seconds and the BT operator is concerned for your safety, the call will be connected to police. When 999 calls are made from landlines, information about where you're calling from should be automatically available to the call handlers to help provide a response.

We have reviewed our working practices and taken the difficult decision to stop face to face client contact.

- We took the decision to temporarily suspend our Saturday Activity Club Play sessions from 14 March, along with our drop-ins and partnership clinics. These will resume once we have been given guidance from the Government.*
- We will continue to provide information, advice and support delivered by telephone, email and remotely e.g. skype, facetime or zoom.*
- We will continue to provide support with forms and can do DLA/PIP/CA/Family Fund forms over the phone and remotely. Please note that we only provide support for benefit claimants up to the age of 25 years - The following government link offers some useful information regarding benefit claims <https://www.gov.uk/government/news/coronavirus-support-for-employees-benefit-claimants-and-businesses>*
- We will continue to provide support with educational issues. Although schools closed on Friday 20 March, there are exceptions for children of key workers, vulnerable children with social workers and children with an EHCP. Schools are keen to maintain provision for children that fall into this category. Please check with your school if your child does not yet have an EHCP but are known to be experiencing difficulties which could worsen without routine or structure. Your school should have been in contact with you regarding provision for your child.*

Our parent advisers will be happy to book in a phone appointment with any family who needs more in depth support at this time. We will also be looking at providing remote clinics on a variety of useful topics, more information on this to follow. We will continue to share information and knowhow via our Facebook page - linking with local and national charities in order to keep our service users informed and up-to-date where possible. Good Futures programme

Email address: good.futures@essex.gov.uk

The Good Futures programme is the approach by which the Specialist Teaching and Preschool Service supports school staff in Essex primary schools to work collaboratively with parents, to improve outcomes for children with autism.

The aim of Good Futures is ...

for education practitioners to work in partnership with parents/carers of children with autism to:

- understand the four key areas of difference in autism and how they may impact on an individual child/pupil
- share, develop and implement strategies that enable children with autism to receive an education that supports them to engage in society as active citizens

The aims of the Good Futures programme are achieved by:

- access to suitable learning materials and tools
- effective implementation of the One Planning process
- a modular programme of workshops led by a Specialist Teacher (Autism) and facilitated by the school's Autism Lead (as appropriate)
- access to ongoing networking opportunities, for both practitioners and parents

Good Futures is based on the well-regarded 'Moving on Together' course, which was revised during 2016 as part of the implementation of the Autism Education Trust programme (AET) in Essex, led by the Specialist Teaching and Preschool Service. The new programme of workshops incorporates the AET principles and resources for working with parents.

Who the service provides for: Parents of primary-aged children with Autism and social communication needs, working in partnership with school staff.

Hours of operation: Term time only

Kids Inspire – Offering support virtually, and in case of significant need face to face. Referrals as per normal process.

The Essex County Council funded Family Innovation Fund (FIF) services are for Children, Young People and Parents/Carers with low level needs who can't be supported by services such as Schools, and GPs alone. FIF provides that little bit of extra help should a difficulty occur and those services cannot respond appropriately.

. Referrals can be made for children and young people aged 8-19 years and/or a parent or carer where they;

- are exhibiting risky behaviours (of self or others) that jeopardise personal safety
- are at risk of going on to part-time school timetables or at risk of exclusion
- are home educated where **early help** can have a positive impact
- have moderate learning difficulties (without an Education and Health Care Plan)
- have low level behavioural issues (without an Education and Health Care Plan)

There are some restrictions to accessing this support and that is if the person(s) being referred are already being supported by specialist and/or statutory services

COVID-19 UPDATE - In light of the evolving situation regarding Coronavirus, we have suspended face-to-face consultations. Consultations are available via online video link, including Legal Aid Assessments.

Essex Mediation Service provides services for families and couples at any stage of breakdown or conflict. They are experienced in meeting the needs of clients by helping them deal with the practical and emotional impact on the individual and the family. Main offices are in Chelmsford, Colchester and Harlow; however appointments in other locations can be offered by arrangement. The Service is free if someone is on benefits and they have a very short waiting list – about 1-2 weeks.

National Association of Child Contact Centres

Website: www.naccc.org.uk/

COVID-19 UPDATE - NACCC are now recommending that Child contact centres suspend offering face to face contact but continue offering their invaluable services using technology where this is possible.

More than a million children have no contact whatsoever with one or other parent after separation. Unfortunately some children experience behavioural issues including antisocial behaviour, distress, unhappiness, and both physical and emotional problems. The NACCC is the only charity in the UK dedicated to solving this problem, by providing safe spaces where children can meet the parents they don't live with. We oversee around 350 contact centres across the UK, run by a network of nearly 4000 volunteers.

COVID-19 UPDATE - The providers of the Parenting Together Support Programme are continuing to offer therapeutic help by switching from face-to-face therapy to simple to use online webcam sessions until the current emergency is over. We've switched to online referrals only at this time.

The 'Parenting Together' programme is for parents (whether they are together or not) who need help where stress and conflict in their relationship is affecting their family. It covers all 12 Essex Boroughs.

The programme offers parents support to suit their circumstances to address conflict within their relationship as well as strengthening parenting skills.

Support can be individually, with the other partner/co-parent, or in group sessions delivered by experienced facilitators who are skilled in encouraging discussion around the modern struggles that parents and couples face.

Individual (1:1) support can be provided in the home or in a local meeting place. Group work will be available at various locations across Essex.

www.essexfamilywellbeing.co.uk

Please see the [Local pages](#) for detail on individual Hubs.

COVID-19 UPDATE - Do not visit any of our delivery sites or family hubs if you have symptoms or if you have come into contact with someone that has.

All health visitors and School Nurses should now be contacted on the number to the left, which is the Admin Hub for the whole of Mid Essex.

Each website contains a calendar of classes and activities held at each site.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning.

We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

We provide a free and confidential support service to people over the age of 16 years of age. We can give information, advice and support to help resolve issues affecting you so that you can feel more confident, are able to live more independently and access services within your local community.

We can work with anyone regardless of their housing status, for example currently homeless, living in local authority homes, privately rented properties, as a housing association tenant or being an owner/occupier.

Depending on the support needed, you will be allocated a member of the team to work with you. Our service is divided into three different streams to make sure you get the right level of support:

Stream 1 – Information, Advice & Guidance: we will provide you with information and advice that will help you access support, either by email, over the phone or face to face at one of our drop in sessions.

Stream 2 – Short-term Support: if your issue is likely to take longer to resolve, we will provide you with additional short-term support of between 4-6 weeks.

Gendered Intelligence

Website: www.genderedintelligence.co.uk

COVID-19 UPDATE - In line with Government advice, our offices are now closed, but staff will be working from home and will be available. All youth groups and sessions are cancelled for the next month. Our face-to-face training sessions and consultancy work is being postponed, but we will have remote and online services up and running shortly - some are already in place. If you have booked with us, we will be in touch to re-schedule. We are monitoring the changing situation and exploring ways to deliver our services remotely, in order to continue to support organisations and individuals. Our Volunteer service has already moved to remote delivery and will be holding an online induction in the near future. In the current situation our priority is to keep staff, service users and clients safe and healthy, and we would recommend that everyone keeps up to date with NHS advice.

Everyone can be more intelligent about gender. Gendered Intelligence is a not-for-profit charity, established in 2008. We work with the trans community and those who impact on trans lives; we particularly specialise in supporting young trans people under the age of 21. We deliver trans youth programmes, support for parents and carers, professional development and trans awareness training for all sectors and educational workshops for schools, colleges, Universities and other educational settings. Our mission is to increase understandings of gender diversity. Our vision is of a world where people are no longer constrained by narrow perceptions and expectations of gender, and where diverse gender expressions are visible and valued.

Our services include:

- A series of youth group sessions for young trans people to meet, socialise, receive information and support.
- One-on-one mentoring for trans students in education
- Special projects and workshops themed around gender
- Training sessions for professionals in organisations, schools and youth services that work with transgender students, clients or staff.
- Resources for trans youth, their families and those who work with them. For example, the KA-POW! project.

At the Gendered Intelligence website, you can access the "Trans Inclusive Residentials" guidance, aimed at Youth Workers, Schools and Organisations, The guidance covers a wide range of areas from changing facilities and sleeping arrangements, to outdoor

This guidance is aimed at youth workers, community workers and staff in educational settings who are likely to be running residential trips. However, it may also be a valuable resource for staff working on residential sites, parents/carers of young trans people and anyone else who is considering how to run or support a trans-inclusive residential.</p>

- Make sure everyone feels part of a community. Before coronavirus, more than one in four people said they are always or often lonely. As the virus continues to spread, this number is likely to be much higher.
- Inspire people to connect in new ways. Before the COVID-19 outbreak, half a million older people in the UK would go five or six days without seeing someone. Now, a lot more people will feel isolated for days or weeks at a time.
- Support and share our appreciation for workers in critical roles during the coronavirus outbreak. 8 out of 10 carers have felt lonely because of their caring role.

Start now. Do one kind thing a day. Even better, let's do it together and create even stronger communities in the face of adversity.

COVID-19 UPDATE –

Kids Inspire – Offering support virtually, and in case of significant need face to face. Referrals as per normal process.

Kids Inspire helps disadvantaged young people turn their lives around and gives them back their future.

We support young people across Essex who are at an educational, social and/or economic disadvantage resulting from trauma or emerging mental health issues. For example they may have experienced sexual or domestic abuse, separation anxiety or significant loss.

Many young people are referred to Kids Inspire because other support agencies consider them 'too complex' to help. Thanks to the specialist services we are able to offer, Kids Inspire has assisted Social Care in closing numerous cases.

There are many reasons why they may need this, including mental health, safety and wellbeing issues.</p> <p>How young people are referred - When school staff refer a pupil to us, we assess their circumstances and needs. If the young person is likely to benefit from the provision, they can access it within two weeks of referral.</p> <p>How support is given - Each child's provision is shaped to their own needs. Much of it is provided via our welcoming, positive, calm and supportive environment. Zenith Minds can also provide additional support within a pupil's existing school, or create a plan that includes provision both at their own school and at our specialist provision.</p>

	<p>What does specialist support involve? Support is designed to meet each individual young person's needs. It involves partnership between Zenith Minds, the pupil's school and their family or carers, plus relevant external services and agencies. The latter might include educational psychologists and counsellors. Permanent Zenith Minds staff include a Student Welfare Officer, Zenith Minds Support Assistant and Family Support Worker.</p>

Anna Freud – Self Care Page

Website: www.annafreud.org/on-my-mind/self-care

Young people told us that when they are struggling they are usually told to see a professional. They don't often get much advice about how they could help themselves. So, we spoke to professionals and looked at academic research. Then we drew up a list of strategies young people use (you can see the process in this self-care infographic). We also published a report following a consultation with young people and their families online. We're sharing these strategies with you to help you to manage your wellbeing. It's up to you to decide what helps. If it works, keep doing it. If it doesn't, stop and try something else. And you can help us build an evidence-base for these activities by letting us know what works by clicking on the 'Did this activity help your mental wellbeing' button on each page. This will help us decide which ones to research further. These activities are *not* a substitute for seeing a mental health professional. Sometimes we need outside help and advice. Getting help is good. No-one should feel bad about it. That's what this site is about.

Bounce Forward

Online Resilience Course for Parents

The coronavirus lockdown has caused millions of children to be home for an indefinite amount of time, not to mention the connotations of a 'lockdown period.' Children and teenagers can find this difficult for a whole host of reasons – leaving them feeling stressed, overwhelmed, or exhausted.

Helping Children Thrive at Home

There is an immediate need to preserve childrens' wellbeing and build resilience at this point in history, where it is genuinely needed. To support this need, Bounce Forward has scheduled a series of sessions to help parents with children aged 9 years and above coping with uncertainty to thrive. Each hour-long session will be hosted by Lucy Bailey – Chief Executive Officer & Co-founder of Bounce Forward with the content based on the science of resilience.

The sessions provide reflective and practical approaches in resilience to support positive changes in cognition and behaviour. Parents will learn how to build vital skills to help their children be more resilient during this uncertain time.

Session Topics

Session 1: Introduction to resilient parenting

Session 2: Optimism during uncertainty

Session 3: Developing the mental muscle

Session 4: Compassionate communication

Session 5: Mindsets and energy

Session 6: Parenting to strengths

Safe in Essex is a project delivered by the Children's Society East that works at an early intervention level to provide information and support to young people aged 8-19 years old who are identified as at risk of, or already engaging in, low-level risky behaviour. The main delivery of support is through structured group work which is an intervention for up to 15 young people in a group running at 4-8 sessions. This support can then lead on to 1:1 support if a further need is identified for an individual in that particular group.

This service delivers support on the following identified needs:

- Awareness around substance misuse (not for young people who are using but for young people who may be a risk of going down that route. Those who are using can be referred to our EYPDAS team)
- Developing and maintaining healthy relationships
- E-safety
- Exam stress
- Gangs, trafficking and exploitation
- Peer pressure and bullying
- Self-esteem and resilience
- Risky sexual behaviour and sexual health
- Consent
- Managing difficult emotions including stress, anger and conflict
- Anti-social behaviour and crime

Full Circle - Provided by Phoenix Futures

COVID-19 UPDATE: All staff are working from home and offering phone support. Practitioners and managers are all contactable by phone/email and our central in-boxes are being managed as per usual.

On 1st April 2016, the Full Circle service (delivered by Phoenix Futures) was commissioned to work with offenders with complex and additional needs across the whole of Essex (excluding Thurrock & Southend unitary authorities).

The complex and additional needs we work with could include:

- substance misuse
- mental health
- learning disabilities
- or any other need that, if left unmet, is likely to increase the risk of reoffending.

Under this contract, if an offender is referred to us we take action to ensure that this unmet need is addressed. In order to do this, Full Circle staff develop a sound knowledge and understanding of the existing services across Essex and support service users to navigate these services to meet their outcomes.

The Full Circle staff make referrals and signpost to these services, accompany service users to their appointments, advocate on behalf of service users, and take an assertive and creative approach to ensure that service users are able to access the support they need and make full use of existing services in the County.

Full Circle staff support the client until they are engaged with the relevant services, at which point we take a step back. Full Circle also case coordinate for service users on Drug Rehabilitation Requirements, Alcohol Treatment Requirements & Mental Health Treatment Requirements, as well as offering Required Assessments for clients identified through Drug Testing on Arrest.

Full Circle's Prison Link staff also track service users across the prison system and work tirelessly to ensure that anyone who is in substance misuse treatment in custody continues to engage in treatment in the community if required.

Ashiana

Tel: 0208 539 0427

Website: www.ashiana.org.uk

Monday-Friday between 9.30am to 12pm and 1pm to 5pm

About Us

Ashiana started operating in 1989 and specialises in helping Black and Minority Ethnic women, in particular, women from South Asian, Turkish & Iranian communities, aged 16-30 years who are at risk of domestic violence and sexual violence.

Our Services

Ashiana runs three refuges with a total of 20 bed-spaces; two specifically for women aged 16-35 fleeing forced marriage. This multi award winning project is a unique and innovative service, offering specialist support to women and girls affected by forced marriage. We also designate a number of bed-spaces for women with no recourse to public funds.

We offer an advice and support service to women and girls who are experiencing domestic violence/sexual violence, enabling them to make informed decisions and exit violent relationships.

We provide counselling for women and girls affected by domestic violence and sexual violence.

We deliver an education programme for young people in schools across East London aimed at preventing domestic violence and enabling young people experiencing domestic violence to access appropriate services.

We deliver a range of awareness raising workshops for women in the community and training on domestic violence, sexual violence and harmful practices for professionals in the voluntary and statutory sector.

<p>Starfall</p> <p>Website: www.starfall.com</p>	<p>Starfall.com® opened in September 2002 as a free public service to teach children to read. Since then it has expanded to include language arts and mathematics for preschool, kindergarten, first grade, second grade, and third grade. Starfall's emphasis on phonemic awareness, systematic sequential phonics, and common sight words in conjunction with audiovisual interactivity has proven effective in teaching emergent readers. Starfall activities are research-based and align with Individual and Common Core State Standards in English language arts and mathematics.</p> <p>The program emphasizes exploration, play, and positive reinforcement—encouraging children to become confident and intrinsically motivated. Starfall is an educational alternative to other entertainment choices for children and is especially effective for special education, homeschooling, and English language development (ELD, ELL, ESL). It is widely used in schools that serve children with special needs and learning difficulties.</p> <p>Our low-cost membership program expands the free content to include animated songs, mathematics, and reading activities spanning K-3. Membership also supports the production of new books, songs, educational games, and movies.</p> <p>The program, provided by the Starfall Education Foundation, a nonprofit organization, was conceived by Dr. Stephen Schutz. As a child, Stephen had difficulty learning to read due to dyslexia. He wanted to create a website with untimed, multisensory interactive games that allow children to see, hear, and touch as they learn.</p>
<p>ABCYA</p> <p>Website: www.abcya.com</p>	<p>ABCya provides over 400 fun and educational games for grades PreK through 6. Our activities are designed by parents and educators, who understand that children learn better if they are having fun. Games are categorized by grade and subject, and cover topics such as multiplication, parts of speech, typing, pattern recognition, and more. We even have games that are just plain fun (and safe) to play! With so much variety, there is sure to be something for kids at all learning levels and styles.</p>
<p>Fun Brain</p> <p>Website: www.funbrain.com</p>	<p>Created for kids in grades Pre-K through 8, Funbrain.com has been the leader in free educational games for kids since 1997. Address: National Family Mediation,
1st Floor, Civic Centre, Paris St,
Exeter EX1 1JN.

Family mediation typically involves the couple attending a series of face to face meetings. And the discussions are facilitated by a professional, trained mediator.

If you face divorce or separation, and don't know which way to turn, family mediation can help. That's because it can enable you to sort arrangements for children, property, finance and other important matters.

Family mediation is open to anybody affected by family breakdown including separation, divorce and dissolution of civil partnership.

Mediation is also available to other family members. Grandparents may be having difficulties over contact arrangements, for example. And step-parents can use the process if they would like to support their new partner.

BBC Children in Need – Emergency Essentials Programme

Tel: **01904 550011**

Email:
emergencyessentials@familyfundsolutions.co.uk

Website:
www.familyfundsolutions.co.uk/emergency-essentials

Please note: all applications must be made by a registered referrer.

BBC Children in Need Emergency Essentials Programme supports children and young people who are facing exceptionally difficult circumstances and is delivered by Family Fund Business Services. The programme provides items that meet a child's most basic needs such as a bed to sleep in, a cooker to provide a hot meal and other items or services critical to child's wellbeing.

Who can we help?

- Vulnerable children and young people up to the age of 18 who are experiencing a crisis or emergency.
- UK or EU citizens who are normally resident in the UK.

Applications must be completed by a registered referrer who is part of an organisation that is supporting the family or young person and capable of assessing their needs. The referrer's organisation should also be able to administer and supervise the grant on our behalf.

Family Fund Business Services has to work within specific criteria whilst aiming to provide a flexible grant programme to assist those most in need. Please read our guidelines before applying.

A grant could be for a bed so a child no longer has to share with a sibling, and has a better night's sleep to help them concentrate in class. Or to fund a place at boarding school for a 13 year old with alcoholic parents, where they can get the structure and support missing at home.</p> <p>We also look at more strategic ways to improve the life chances of those we help, by influencing opinion formers, policy makers and practitioners. We do this through research projects, as well as initiatives like our Quality Mark for Care Leavers in Further and Higher Education.</p> <p>Through all this work our goal is to give more children and young people living in poverty the power to shape their own future.</p> <p>Find out what help is available</p>

Al-Anon Family Groups provide support to anyone whose life is, or has been, affected by someone else's drinking, regardless of whether that person is still drinking or not.

For some of our members, the wounds still run deep, even if their loved one may no longer be a part of their lives or have died. We believe alcoholism affects the whole family, not just the drinker.

COVID-19 UPDATE - We have now postponed all day services, group activities and face to face counselling. We will be offering telephone and online support to these people. We have developed a new support service called our 'Farleigh helpline' which is available via telephone to be a listening ear and to provide information and support. This service will also provide a link with community groups for people who use our services who require practical assistance during this difficult time.

Farleigh Hospice offers bereavement support to adults, children and young people across mid Essex, regardless of whether or not their loss is related to a patient of the Hospice.

COVID-19 UPDATE - For the safety of our patients - in line with the national requirement to minimise contact and in keeping with other hospitals and hospices - we have taken the decision to limit visitors to our In Patient Unit. This situation is under daily review and we may need to apply stricter controls in the coming days: For all people who are felt to be in the very last days of life we will maintain a short list of the closest relatives who can visit, ensuring that they stay with the person in their room and do not mix with visitors for other patients. The list will be agreed on admission and no other visitors will be allowed. We are exploring whether we can enable Skype type facilities in the rooms to allow people to interact with the rest of their family and friends. For people admitted for symptom control we are limiting visitors to one named visitor only and ask that they limit their visits to one hour a day. We will no longer be able to offer the family room for overnight accommodation. One family member can stay overnight in the room of someone who is in the last days of their life. The family lounge will no longer be used as we wish to avoid family members coming in close contact.

We are sorry that we have had to take this action but need to protect our patients, their families and our own staff so that the hospice can continue to provide care throughout this difficult time.

Our criteria are that children need to be attending one of the schools on our list. They don't need to live within the catchment area - just attend. Our referrals come from schools/direct from families/GP's/other services etc. We are a team of trained Family Support Workers, dedicated to early intervention and preventative work. Many families run into difficulties from time to time – it's part of the stresses and strains of modern family life.

- Domestic and relationship breakdowns
- Bereavement
- Anxiety and stress
- Anger management
- Parenting problems and behaviour
- Self-esteem...the list is endless, and common to all communities!

We offer ...

- Direct work: We aim to improve social and emotional well being in children in school and at home. We can offer help and support with behaviour, school attendance and other issues. This could be through an individual or group-work approach with children, young people, parents and families.
- Drop-ins: one to one sessions with parents at their local school offering signposting and information.
- Signposting: we can help you access further services.
- Information: support and advocacy for all.

Hoping to keep Website current with support and advice.

Home-Start Essex is a leading family support charity working across Essex to build the confidence and skills of parents/carers to achieve healthy and positive outcomes for children. Our work comprises a long-established volunteer home visiting service, offering emotional and practical help to families experiencing difficulties, alongside a range of family groups, well-being programmes, courses and events. We work with families with at least one child under the age of eight, and offer some events for families with children up the age of 11yrs. We are early years specialists, and work closely with the Essex Child and Family Wellbeing Service. What makes our charity special, is that all our volunteers have a lived experience as parents/carers themselves.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning.

We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

COVID-19 UPDATE - Action for Family Carers is actively monitoring the situation as it develops and is following current public health information and advice. Following the latest government advice (23rd March) we have suspended all face to face events and activities for the time being. If you or the person you look after is feeling unwell with symptoms similar to those associated with coronavirus please look for information on the NHS website and NHS 111 online and follow their advice. We recognise that this is an especially difficult time for Carers and their families across Essex . At the present time most of our support is being provided over the phone including via our countywide Essex Befriends service: www.essexbefriends.org.uk. We rely on volunteers so please contact us if you are able to help in any way. We continue to take calls on 0300 770 80 90 however we would advise emailing us on care@affc.org.uk or using Contact Us on this website.

Young Carers are children as young as five years old, and any young person aged under 18, whose life is restricted in some way because they look after someone else on a regular basis.

There are approximately 10,000 Young Carers in Essex and 700,000 across the UK. They may be the main Carer, or provide partial care for their mother, father, brother, sister or other family member due to mental or physical illness, old age or disability.

- One-to-one support sessions in school giving Young Carers the opportunity to talk confidentially to somebody who understands.
- Practical support such as providing support in meetings with teachers to explain why, for example, they have fallen behind with their homework.
- Informal drop-in groups where Young Carers can meet others in the same situation and access information and advice.

All health visitors and School Nurses should now be contacted on the number to the left, which is the Admin Hub for the whole of Mid Essex.

Each website contains a calendar of classes and activities held at each site.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning. We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

Who is it for?

We work with any school-age child.

How can counselling help my child?

Children's social development and progress at school can be severely affected by emotional problems.

These may include:

[Mental Health \(Children's\) Home Page](#)

[Go to Directory Home Page](#)

[Go to Front Page](#)

- Anger and aggression.
- Anxiety and worries.
- Persistent sadness.
- Low confidence.
- Difficulties in friendships and family relationships, or becoming withdrawn.

Difficulties may be triggered by events such as:

- Family conflict.
- Parental separation.
- Bereavement.
- Bullying at school.
- The effects of trauma, abuse and neglect.
- or there may be no clear 'reason' for the problem.

We can help young people with:

- Identity issues.
- Panic and anxiety attacks and stress.
- Feeling angry and 'out of control' with their anger.
- Dealing with the after-effects of parents splitting up.
- Experiencing bullying.
- Self-harm.
- Recovery from abuse or other kinds of trauma.
- Anxiety and sexuality.
- Feeling depressed and suicidal.

....and lots of other issues – some young people just need to talk.

COVID-19 UPDATE - We have ceased our open door policy at the Jubilee Centre and all staff not designated as being essential workers are no longer attending the office. We are working hard to offer support and appointments for existing clients who we feel will be at risk of harm should their existing appointments be cancelled. No new clients will be offered face to face or group support. All staff continue to follow the advice given by Public Health England to minimise the risk of spreading the virus and are following Public Health England advice at all times. All fundraising events and training courses have been cancelled or postponed until further notice. Participants will be contacted and refunds issued as required. If you are holding an online fundraiser, please feel free to get in touch via fundraising@seandcessexmind.org.uk . Whilst we have needed to postpone events and face to face services to protect our clients, staff and volunteer team and our community, we would like you to know that you can contact us by messaging our Facebook page or emailing office@seandcessexmind.org.uk and we will look to help you with any concerns or questions you may have around keeping mentally well during these unprecedented times.

Our mission is to ensure everyone susceptible to or experiencing mental health issues is given all the help, support and guidance needed to enable them to cope more easily and effectively and to intervene as early as possible to ease the situation for those people and their families.
Our aims are to:

The CARE team provides specialist support to children and young people aged 8-24 years who are victims, or at risk of Child Sexual Exploitation (CSE) across Essex.

Methods of service delivery include:

- **One to one intensive support**

Individual therapeutic work with children and young people to provide support and understanding to ensure they receive a needs led service, helping them to move forward, increase their emotional wellbeing and keep them safe.

- **Targeted group work sessions**

Young people identified to be at risk of child sexual exploitation will have access to our 8 week targeted therapeutic group work provision.

- **Positive activities**

A positive activities programme led by young people will develop social skills and confidence.

- **Parenting support**

COVID-19 UPDATE - Students studying with Red Balloon of the Air continue to receive their lessons and therapy online. However, face-to-face sessions in Milton and Danbury have been suspended. In addition, Mentor home visits have largely been replaced by online or telephone sessions. Phone lines, IT support and safeguarding procedures continue as normal.

We are able to offer a safe learning environment to young people who have been bullied to the extent that they cannot attend school, and are missing out on their education.

We work with local authorities and a range of other statutory and voluntary agencies that support children and young people.

If you are a parent / carer or you work in these fields and know of a child or young person aged 10 - 17 who is missing from education because they are bullied, then please contact us.

Young Carers are children as young as five years old, and any young person aged under 18, whose life is restricted in some way because they look after someone else on a regular basis.

There are approximately 10,000 Young Carers in Essex and 700,000 across the UK. They may be the main Carer, or provide partial care for their mother, father, brother, sister or other family member due to mental or physical illness, old age or disability.

- One-to-one support sessions in school giving Young Carers the opportunity to talk confidentially to somebody who understands.
- Practical support such as providing support in meetings with teachers to explain why, for example, they have fallen behind with their homework.
- Informal drop-in groups where Young Carers can meet others in the same situation and access information and advice.
- Information on how to access Respite Clubs in the local area where Young Carers can meet other young people in the same situation.
- Raising awareness of Young Carers to both staff and students through PSHE lessons, assemblies and Teacher Training.

Young Carers

Young Carers are children who care or help care for someone who may have a physical or learning disability, a long term illness or mental illness. They may have help with their caring role; or they may be the sole carer; either way we can offer them our support through our Young Carers Club. We offer support to young carers from the age of 8 to 18 in their caring role, giving them a break whilst also giving them a chance to experience activities that they may not normally have the opportunity to take part in.

Young Carers Club

Braintree young carers club is on Thursday evenings from 4.45 - 6.45pm
Halstead young carers club is on Tuesday evenings from 5.30 - 7.30 pm

At club nights we provide games, activities and workshops, most recently we had Mad Science attend our club and provide workshops including an Electricity workshop, the children all got hands on and learnt about Electricity in a fun way with our Van de Graff Static Generator which made their hair stand on end and then took part in a Plasma Ball challenge, we basically electrocuted the children in a safe way, all in the name of science of course, hee hee! The younger group took part in the Polymers and Putty workshop, where they again got hands on and learnt how and why things stretch then got to make a pot of Putty that they took away with them.

COVID-19 UPDATE – For the safety of our patients - in line with the national requirement to minimise contact and in keeping with other hospitals and hospices - we have taken the decision to limit visitors to our In Patient Unit. This situation is under daily review and we may need to apply stricter controls in the coming days: For all people who are felt to be in the very last days of life we will maintain a short list of the closest relatives who can visit, ensuring that they stay with the person in their room and do not mix with visitors for other patients The list will be agreed on admission and no other visitors will be allowed. We are exploring whether we can enable Skype type facilities in the rooms to allow people to interact with the rest of their family and friends. For people admitted for symptom control we are limiting visitors to one named visitor only and ask that they limit their visits to one hour a day we will no longer be able to offer the family room for overnight accommodation. One family member can stay overnight in the room of someone who is in the last days of their life The family lounge will no longer be used as we wish to avoid family members coming in close contact We are sorry that we have had to take this action but need to protect our patients, their families and our own staff so that the hospice can continue to provide care throughout this difficult time.

The J's provides tailored nursing, respite and end of life care, advice and advocacy, emotional care, bereavement support and a range of activities for the young adult and their family in the comfort and security of their own home. Our aim is to help young adults to live their life to the full, however short.

COVID-19 UPDATE - in order to protect our vulnerable patients from the Coronavirus (COVID-19), we are temporarily making some changes to some of our other services. Day Therapies Groups that are usually run at the Joan Tomkins Centre in Colchester and Tendring Centre in Clacton will be suspended as of Wednesday 18th March 2020. One to one bereavement and counselling support that is usually also run at these sites will be offered over the phone instead of face to face. We are also cancelling all Bereavement Drop-in Groups held every Wednesday at our Books, Brew & Boutique, and once a month on a Saturday at our Learning and Development Centre. We are reducing the number of Hospice in the Home visits we make to patients and families. Instead, our community clinical nurse specialists will be providing support over the phone, unless it is an emergency. If you are a patient in the community and your circumstances have changed and you need our support, please do call SinglePoint, any time 24/7 on 01206 890 360.

St Helena Hospice exists to meet the physical, emotional and spiritual needs of people with life-limiting illness, no matter what their diagnosis. We are here to support families, including children, before and after bereavement and to support people from every background and faith who need our services. [Read More](#)

Areas Covered: Tendring

COVID-19 UPDATE: EXTRA's staff will be keeping in touch with vulnerable families and signposting them to support available. Identified families will get bi-weekly phone calls to support them to keep positive and solution focussed. Families have been given the mobile numbers of the EXTRA team who will be working from home. Families can also contact EXTRA via Face Book, Instagram and email. We will do regular updates on Face Book on support available for families (such as Citizens Advice Tendring present contact information), tips on how to keep emotionally well at this time of uncertainty and giving ideas on how to keep children entertained at home. We are exploring how we can offer more support through social media and are trialling delivering a parent peer support group via FaceTime today, 20.02.20

Extra - Support for Families (EXTRA) is here to help anyone caring for children in the Tendring district to meet the challenges of parenting. We offer local opportunities for parents to meet at fun days, one-off workshops and a range of parenting programmes.

Through these activities, EXTRA aims to help parents develop their parenting skills to bring out the best in their children, reduce conflict in the home, improve family relationships and build confidence in parents/carers to cope with future challenges.

EXTRA acts as a central agency to co-ordinate the provision of parenting support throughout Tendring. We have a parenting platform every couple of months where practitioners involved in parenting, from Sure-Start Children's Centres, schools, adult community learning, health and so on, gather to share information on what is going on and to find ways to provide what parents need in the area.

- Workshops include:
- Developing Resilience
 - ADHD (Attention Deficit Hyperactivity Disorder)
- Courses include:
- Step by Step (Early Years & Primary School options available)
 - Building confidence
 - CARE (for parents/carers that have experienced domestic abuse)
 - Improving your emotional wellbeing
 - SWAN (for parents of children who have additional needs).
 - Coping with Loss (for any parent/carer that has experienced themselves or are supporting a child who has experienced loss)
 - STOP (aims to support parents of children aged 11 – 16 in their relationship with their child and to help reduce family stress).
 - Managing Anger

All Health Visitors and School Nurses should now be contacted on the number to the left, which is the Admin Hub for the whole of North Essex.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning.

We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

The team give children and young people in Essex's schools, colleges and academies access to a school nurse 52 weeks a year.

How can we help?

Working together with schools, we:

- Participate in national campaigns and initiatives e.g. national child measurement programme
- Promote healthy lifestyles
- Support and give advice to young people with medical conditions, to ensure they access the whole curriculum and are not disadvantaged
- Give school staff the information they need to support children with health concerns
- Deliver the national childhood immunisation programme

Provide drop-in sessions for young people to talk about any health or wellbeing concerns

- Work with children and young people who have complex medical needs

We normally work from 9am until 5pm; however, we'll do our best to make ourselves available to you outside of these hours.

What happens next?

The school nursing service accepts self-referrals through school drop-ins by the young person themselves.

Children and young people can also be referred by parents and carers.

Colchester Borough Homes set up Box Smart to make a difference, bringing together organisations and residents for the benefit of the community. The need to address the growing problem of knife crime and county lines is what Box Smart is trying to combat. It is recorded that Colchester has 5.7 knife crimes per 10,000 people.

Box Smart was set up with Satellite Club funding from Active Essex and had the vision of instilling confidence and discipline within the young people and providing positive role models from the boxing coaches. Boxing allows young people to release built up energy, get fitter and become more relaxed. The 9-week programme helped young people improve their relationships, develop a new social network and show the importance of boxing and physical activity on their life choices.

COVID-19 UPDATE: All CARA workers are now working from home, and we have put in place the following provisions:

- We have suspended all face-to-face counselling sessions, play therapy sessions, home visits, meetings and our social group until further notice.
- We have adapted our service to offer a range of remote support to meet our clients' needs. This includes providing counselling sessions or other support meetings by video or telephone, providing ongoing support by e-mail, telephone or text and providing regular check-in calls, e-mails or texts to our most vulnerable clients.
- If clients do not wish to receive remote support, they may defer support until we are able to resume face-to-face contact. They will not lose their place or have to return to our waiting list.

CARA is a confidential support service run by women for women children and young people of both genders under the age of 19 who have suffered any form of sexual violence, past or present.

We provide formal counselling for rape and sexual assault, including child sexual abuse. We also offer an advocacy service and can accompany women to the police, to court, to the GUM clinic, or to other meetings if they request it.

We are continually looking at other ways in which we can expand our services, if possible or appropriate.

COVID-19 UPDATE: Next Chapter are committed to supporting individuals and their families who are experiencing domestic abuse and continue to take new referrals for those needing support. We are no longer able to offer face to face support but are offering telephone contact prioritising safety and wellbeing. Identified families will get bi-weekly phone calls to support them to keep positive and solution focussed. Families have been given the mobile numbers of the EXTRA team who will be working from home. Families can also contact EXTRA via Face Book, Instagram and email. We will do regular updates on Face Book on support available for families (such as Citizens Advice Tendring present contact information), tips on how to keep emotionally well at this time of uncertainly and giving ideas on how to keep children entertained at home. We are exploring how we can offer more support through social media and are trialling delivering a parent peer support group via FaceTime today, 20.02.20</p> <p>Extra - Support for Families (EXTRA) is here to help anyone caring for children in the Tendring district to meet the challenges of parenting. We offer local opportunities for parents to meet at fun days, one-off workshops and a range of parenting programmes. Through these activities, EXTRA aims to help parents develop their parenting skills to bring out the best in their children, reduce conflict in the home, improve family relationships and build confidence in parents/carers to cope with future challenges.</p> <p>EXTRA acts as a central agency to co-ordinate the provision of parenting support throughout Tendring. We have a parenting platform every couple of months where practitioners involved in parenting, from Sure-Start Children's Centres, schools, adult community learning, health and so on, gather to share information on what is going on and to find ways to provide what parents need in the area.</p> <ul style="list-style-type: none"> • Courses • Workshops

COVID-19 UPDATE - Students studying with Red Balloon of the Air continue to receive their lessons and therapy online. However, face-to-face sessions in Milton and Danbury have been suspended. In addition, Mentor home visits have largely been replaced by online or telephone sessions. Phone lines, IT support and safeguarding procedures continue as normal.

We are able to offer a safe learning environment to young people who have been bullied to the extent that they cannot attend school, and are missing out on their education.

We work with local authorities and a range of other statutory and voluntary agencies that support children and young people.

If you are a parent / carer or you work in these fields and know of a child or young person aged 10 - 17 who is missing from education because they are bullied, then please contact us.

All health visitors and School Nurses should now be contacted on the number to the left, which is the Admin Hub for the whole of North Essex.

Each website contains a calendar of classes and activities held at each site.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning. We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

CAP Colchester (Christian's Against Poverty)

Website: www.capcolchester.org

COVID-19 UPDATE: Due to the ongoing coronavirus (COVID-19) outbreak, we have made the difficult decision to temporarily stop booking appointments with our Debt Centres and group services. We don't want to disrupt our service, but people have always come first at CAP and we have to look out for our staff as well as our clients. We are keeping a close eye on all the current Government advice and will post updates on our website as things become clearer. Will update this notice as things become clearer.

Whether it's money worries keeping you up at night, you just can't seem to shake that bad habit, or you're tired of going for job interviews that never get you anywhere – CAP has a service that can help you.

support during this uncertain time and we will keep you updated with any further developments.

Emmaus (pronounced em-MAY-us) is a homelessness charity with a difference. We don't just give people a bed for the night; we offer a home, meaningful work and a sense of belonging.

Emmaus social enterprises generate revenue that pays for companions' home, food and upkeep, as well as providing a small weekly allowance. This is key to restoring feelings of self-worth, showing these individuals that their actions make a real difference, both to their own life, and the lives of others.

Korban

Tel: **01206 869533**

Colchester Korban Project provides a safe and secure stop-gap for vulnerable young people, whilst solutions are found to their housing problems.

Volunteer families offer a young person the chance to stay in a safe, friendly, normal environment. This allows an often confused and vulnerable young person the chance to take stock of their situation without the worry of where they will sleep tonight.

Nacro provides homes for people and supports them to keep a stable home.

Nacro's Clacton, Harwich & Colchester and Tendring Single Homeless Projects provide accommodation with structured support for young, single homeless individuals from 16-25 year old.

Nacro Mental Health Service - North Essex is a supported housing project for single people in Colchester and the surrounding area who have experienced mental health and who may also have social problems.

The project provides temporary accommodation with support that aims to maximise an individual's independent living skills, preparing them for a more permanent independent accommodation in the community.

Outreach Youth supports and works with young people across Suffolk and North Essex, aged 13 to 19 years, who are gay, lesbian, bisexual, transgender or questioning their sexuality.

We provide opportunities for gay, lesbian, bisexual, transgender or questioning young people to meet as a group and offer one-to-one support in safe, welcoming, non-judgemental settings in Ipswich, Lowestoft, Bury St Edmund and North Essex.

Colchester sessions are run fortnightly 3 – 4:30p.m. Outreach youth venues aren't shown on our publicity material or web site to ensure young people who are not 'out' can access a safe environment.

Outreach Youth offer the opportunity to catch up with each other in a fun and relaxed atmosphere, which allows you to be yourself. We also offer one to one support for young people who are (or think they might be) gay, lesbian, bisexual, transgender or questioning their sexuality, but would prefer the opportunity to meet up with an experienced gay youth worker.

The club works in partnership with Essex Youth Service.

The North Essex Mental Health Service is a specialist service consisting of a range of supported housing for people that have experienced mental health problems. The service offers a range of supported housing, along with specialist support for people between the ages of 18 and 65, who have mental health issues, are vulnerable and in need of help to develop skills to live independently. Customers are supported by the service for up to two years. During this time, experienced support staff will assist you to manage your mental health recovery and improve your confidence and sustain your accommodation. We can help with things like:

- Maintaining an independent tenancy
- Linking in with healthcare services
- Budgeting and managing money and benefits
- Increasing social and living skills and broader support networks
- Links into educations, training and work opportunities
- Increase your self esteem
- Better use of recreation time

The service works in conjunction with statutory mental health services to provide a comprehensive support package. Every customer has a support plan that reflects your support needs and aspirations. Support workers regularly review your plan with you to make sure that it still reflects your needs. When it is agreed that you are ready for move on, staff will support you to approach the local authority or private landlords to move on to your own independent accommodation.

The Stockwell Centre

Tel: 01206 768211

Email admin@stockwellcentre.com

Website: www.stockwellcentre.com

The Stockwell Centre, just off Colchester's High Street, provides counselling and psychotherapy for individuals, couples and groups. Stockwell Centre counsellors and psychotherapists can help with a wide range of difficulties including depression, anxiety, stress and panic attacks; they can also help with difficulties arising from relationship breakdown, bereavement and loss and childhood events such as abuse or trauma.

WHAT HAPPENS IN THERAPY?

The counsellor or psychotherapist will be non-judgemental and try to understand you in a way that enables you to reflect on your situation differently. You may be encouraged to talk about your childhood and dreams as well as day-to-day concerns. These may include fears, anger and thoughts about current relationships at home and at work. Being listened to and understood in this setting can enable you to make positive changes in your life.

FEES

Fees are negotiated individually with the therapist and currently range between £35 and £55 per session. We may be able to offer an assisted place for those with restricted means.

[Mental Health \(Adults'\) Home Page](#)

[Go to Directory Home Page](#)

[Go to Front Page](#)

HOW LONG DOES IT TAKE?

In many cases weekly sessions over a period of six to eight weeks will be appropriate for resolving the difficulties you are having. Some clients/patients feel that there have been long standing feelings of anxiety, depression or anger and longer term therapy for a year or more, once a week or more, will enable clients to address underlying feelings and experiences in an unhurried manner. In this way a person's natural capacity for self-healing can be given the time it needs. Stockwell Centre members work both short and long term.

LOW FEE COUNSELLING

We have a scheme for low cost counselling for those who are unable to afford the full fee. Places are offered in exceptional circumstances only and due to the longer term nature of the work, there is also likely to be a waiting list. Those with restricted means who are motivated to commit to weekly counselling for up to a year, and can pay a minimum of £10 per session, are assessed for suitability by a full member of the practice before being referred to one of our affiliates for counselling. The counselling is offered by recently qualified counsellors who wish to gain the additional experience they need for accreditation/registration. The counsellors are affiliated to The Stockwell Centre and are in supervision with one of our senior registered psychotherapists.

LIVING IN GREATER HOPE TOGETHER

LIGHT is a client-centred therapeutic support group focusing on adults whose lives are affected by childhood abuse. The group is based in Colchester, North East Essex. It is open to both

men and women and offers a secure and confidential place where all issues related to abuse, including sexual, physical and emotional abuse and neglect, can be addressed.

The group is supported by experienced group facilitators who are fully qualified. There is a minimal weekly charge for members of £5.

Our Aims

- To foster interaction amongst survivors of abuse in order to develop a network of mutual support.
- To provide a safe and confidential environment where issues of trust, emotion and coping can be explored.
- To help reduce the sense of isolation experienced by survivors of abuse.
- To work with group members in gaining a greater sense of personal growth and resolution.
- To develop the potential of members to process their experiences and move toward a greater sense of resolution.

Tendring Mental Health Support is a charity that has been offering services within Essex for over thirty years, working in partnership with statutory health authorities. Summit House is the base of one of the longest standing mental health advocacy services in the country.

Upon the foundation on this service, the learning disability service was developed. Over the last fourteen years the Independent Advocacy Service for people with a learning disability has grown from a one person service working only in the Tendring Area to a team of eighteen members of staff covering Tendring, Colchester, Maldon, Chelmsford and Braintree. Advocacy is taking action to help people say what they want, secure their rights, represent their interests and obtain the services they need.

COVID-19 UPDATE: EXTRA's staff will be keeping in touch with vulnerable families and signposting them to support available. Identified families will get bi-weekly phone calls to support them to keep positive and solution focussed. Families have been given the mobile numbers of the EXTRA team who will be working from home. Families can also contact EXTRA via Face Book, Instagram and email. We will do regular updates on Face Book on support available for families (such as Citizens Advice Tendring present contact information), tips on how to keep emotionally well at this time of uncertainty and giving ideas on how to keep children entertained at home. We are exploring how we can offer more support through social media and are trialling delivering a parent peer support group via FaceTime today, 20.02.20

Extra - Support for Families (EXTRA) is here to help anyone caring for children in the Tendring district to meet the challenges of parenting.

We offer local opportunities for parents to meet at fun days, one-off workshops and a range of parenting programmes.

Through these activities, EXTRA aims to help parents develop their parenting skills to bring out the best in their children, reduce conflict in the home, improve family relationships and build confidence in parents/carers to cope with future challenges.

EXTRA acts as a central agency to co-ordinate the provision of parenting support throughout Tendring. We have a parenting platform every couple of months where practitioners involved

COVID-19 UPDATE: All CARA workers are now working from home, and we have put in place the following provisions:

- **We have suspended all face-to-face counselling sessions, play therapy sessions, home visits, meetings and our social group until further notice.**
- **We have adapted our service to offer a range of remote support to meet our clients' needs. This includes providing counselling sessions or other support meetings by video or telephone, providing ongoing support by e-mail, telephone or text and providing regular check-in calls, e-mails or texts to our most vulnerable clients.**
- **If clients do not wish to receive remote support, they may defer support until we are able to resume face-to-face contact. They will not lose their place or have to return to our waiting list.**

CARA is a confidential support service run by women for women, children, and young people of both genders under the age of 19 who have suffered any form of sexual violence, past or present.

We provide formal counselling for rape and sexual assault, including child sexual abuse.

We also offer an advocacy service and can accompany women to the police, to court, to the GUM clinic, or to other meetings if they request it.

We are continually looking at other ways in which we can expand our services, if possible or appropriate.

COVID-19 UPDATE - Students studying with Red Balloon of the Air continue to receive their lessons and therapy online. However, face-to-face sessions in Milton and Danbury have been suspended. In addition, Mentor home visits have largely been replaced by online or telephone sessions. Phone lines, IT support and safeguarding procedures continue as normal.

We are able to offer a safe learning environment to young people who have been bullied to the extent that they cannot attend school, and are missing out on their education.

We work with local authorities and a range of other statutory and voluntary agencies that support children and young people.

If you are a parent / carer or you work in these fields and know of a child or young person aged 10 - 17 who is missing from education because they are bullied, then please contact us.

COVID-19 UPDATE – Action for Family Carers is actively monitoring the situation as it develops and is following current public health information and advice. Following the latest government advice (23rd March) we have suspended all face to face events and activities for the time being.

If you or the person you look after is feeling unwell with symptoms similar to those associated with coronavirus please look for information on the NHS website and NHS 111 online and follow their advice.

We recognise that this is an especially difficult time for Carers and their families across Essex . At the present time most of our support is being provided over the phone including via our countywide Essex Befriends service: www.essexbefriends.org.uk. We rely on volunteers so please contact us if you are able to help in any way.

We continue to take calls on 0300 770 80 90 however we would advise emailing us on care@affc.org.uk or using Contact Us on this website.

Young Carers are children as young as five years old, and any young person aged under 18, whose life is restricted in some way because they look after someone else on a regular basis.

There are approximately 10,000 Young Carers in Essex and 700,000 across the UK. They may be the main Carer, or provide partial care for their mother, father, brother, sister or other family member due to mental or physical illness, old age or disability.

- One-to-one support sessions in school giving Young Carers the opportunity to talk confidentially to somebody who understands.

of life we will maintain a short list of the closest relatives who can visit, ensuring that they stay with the person in their room and do not mix with visitors for other patients. The list will be agreed on admission and no other visitors will be allowed. We are exploring whether we can enable Skype type facilities in the rooms to allow people to interact with the rest of their family and friends. For people admitted for symptom control we are limiting visitors to one named visitor only and ask that they limit their visits to one hour a day. We will no longer be able to offer the family room for overnight. Accommodation. One family member can stay overnight in the room of someone who is in the last days of their life. The family lounge will no longer be used as we wish to avoid family members coming in close contact. We are sorry that we have had to take this action but need to protect our patients, their families and our own staff so that the hospice can continue to provide care throughout this difficult time.

Little Havens Hospice provides care for children who are life-limited, are life-threatened or have palliative care needs. What this means is that the child has been diagnosed with a condition, meaning that their life may be shortened.

We can care for children and young people under the age of 19. We care for children, young people and their families from Essex and the surrounding London boroughs.

COVID-19 UPDATE - From today following national guidelines, it is with a heavy heart that we have to further restrict our visiting guidelines. Visiting for patients who are in their last days of life will be restricted to one designated visitor, who will be able visit at any time of the day. Patients admitted for symptom management will no longer be permitted to receive visitors, but we will ensure that these patients are discharged to their home as quickly and as soon as possible once their symptoms have been managed effectively. Any deviation from these guidelines will be subject to the staff working at the time.

St. Luke's Hospice provides specialist palliative care for people living in the Basildon and Thurrock districts with any life threatening, life limiting disease. This often means cancer but also includes other illnesses that are no longer curative, such as Heart Failure, Multiple Sclerosis, Chronic Obstructive Pulmonary Disease or Motor Neurone Disease for example. Care and support is offered through a wide range of services that are tailor made to meet the needs of individuals. This care is extended to carers, families and friends.

All health visitors and School Nurses should now be contacted on the number to the left, which is the Admin Hub for the whole of South Essex.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning.

We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

How can we help?

Working together with schools, we:

- Participate in national campaigns and initiatives e.g. national child measurement programme
 - Promote healthy lifestyles
 - Support and give advice to young people with medical conditions, to ensure they access the whole curriculum and are not disadvantaged
 - Give school staff the information they need to support children with health concerns
 - Deliver the national childhood immunisation programme
- Provide drop-in sessions for young people to talk about any health or wellbeing concerns
- Work with children and young people who have complex medical needs

We normally work from 9am until 5pm; however, we'll do our best to make ourselves available to you outside of these hours.

What happens next?

The school nursing service accepts self-referrals through school drop-ins by the young person themselves.

Children and young people can also be referred by parents and carers.

There are 13 CYP officers across the force and at least one in each policing district. The role is very much focused on safeguarding and diverting children and young people away from negative behaviours.

CYP officers work closely with partner agencies, including Youth Offending Teams and ensure the correct referrals and interventions are offered to young people at risk of offending or becoming victims.

Their overarching aim is to identify and resolve issues involving young people within the community who are most at risk of becoming repeat offenders or victims, or at risk of harm from Child Sexual Exploitation.

The Family Mentoring service is a family-led service, that places the needs and voices of the family at the centre of what we do; supporting families towards safer, happier and healthier lives.

Who can refer?

- Anyone can refer, if they have the consent of the family
- Parents can self-refer
- Residents living in the Castlepoint areas or attending a school/college in the Castlepoint area

Who might benefit from the service?

If you are a family and have a child or young person aged between 0-19, and are struggling in areas such as, but not exclusive to:

- Routines and boundaries
- Conflict resolution
- Self-esteem and confidence
- Emotional wellbeing and mental health (anxiety, anger, bullying)
- Isolation
- Challenging behaviour
- Finances and budgeting
- Bereavement

We will be able to offer you support.

What it will look like?

After a needs assessment is completed, a recommendation will be made to the family that may include:

- Having direct intervention from a Family Support Worker towards goals determined by the family
- Attending a parent/young person support group.
- Being matched with a fully trained volunteer towards goals determined by the family

The Family Mentoring service offers a range of courses to reflect the needs of families, parents and young people. For example:

- STOP: the course is for parents of a young person aged 10-16 years old, the course aims to improve the relationship and understanding between the parent and young person by

[Disabilities/Additional Needs Home Page](#)

[Go to Directory Home Page](#)

[Go to Front Page](#)

increasing the parent's knowledge of effective behaviour management skills that respond to your young person's psychological, physical and emotional needs.

- FLASH: the course is for parents of a young person aged 11 – 17 years old, the course aims to create better communication and personal relationships, between the parent and young person to better support their relationship and provide practical strategies to support their young person and manage the emotional impact of self harm.

- Emotional Wellbeing for young people – this is aimed at young people aged 11 – 16 years old, who are struggling with their anxieties. The course provides space for peer support and person centred approaches that support the development of coping strategies, that allow the young person to progress and develop towards their goals

- Emotional wellbeing for parents – this is a 3 session workshop aimed at parents who have child/ young person who is affected by anxiety. The course aims to provide the parents with a new perspective and strategies to use with their child or young person that can be embedded in family life to support their child or young person achieve their goals, whilst managing their anxiety.

COVID-19 UPDATE – Given the rising number of cases of Coronavirus (Covid-19) across the country, we are putting in a number of measures to safeguard the wellbeing of our tenants, customers, staff and volunteers. As part of this, we have made the decision to focus on carrying out repairs based on the health and safety of the tenant and property and these will be prioritised accordingly. This means the focus will be on completing those repairs which require urgent attention. We will endeavour to respond within our set timescales, however we would hope that you understand where this is not possible. We may need to postpone jobs and we will rebook these when possible. You should continue to report repairs in the usual ways and we will book in repairs and maintenance where we are able. We will monitor this situation closely and update you if any further changes are necessary.

Papworth Trust is a charity and registered social landlord working with people with disabilities across the East of England. We provide a range of services for disabled people to ensure they have more equality, choice and independence in their lives.

The Papworth Trust Community Support Service is a home care (domiciliary care) service, provided by an agency which is registered to provide personal care to its clients.

They run weekday music sessions for adults in the community and work with children and teachers in Special Schools and Colleges. They also operate a Saturday morning music school for ages 8-16 and 16+ in Southend. The Music Man focuses on enjoyment, education and performance and their students have performed at the London Palladium and the Royal College of Music as well as at numerous local concerts and events throughout Essex. They deliver inspirational performances which raise awareness and challenge misconceptions and they also support doctoral research into their effect on health and well-being at the Royal College of Music. The Music Man also train undergraduates at the Royal College of Music and provide more general opportunities for work-placed training, work experience and volunteering. Developed over the past 16 years, their approach uses the musical instinct that lies within us all to instil confidence, self-esteem and as a vehicle for joy and emotional expression. They treat their students as musicians rather than focusing on their disability and have only the highest aspirations for what they can achieve.</p> <p>The days, locations and hours of operation are as follows:</p> <p>Mondays Belfairs Methodist Church, Eastwood Road North, Leigh-on-Sea Morning Session: 10am – 12pm Afternoon Session: 1pm – 3.30pm United Reform Church, Market Hill, Maldon Afternoon Session: 2pm – 4pm</p> <p>Tuesdays St John Fisher Church, Manners Way, Southend-on-Sea Morning Session: 10am – 12pm Afternoon Session: 1pm – 3.30pm</p> <p>Thursdays Benfleet Methodist Church, High Road, Benfleet Morning Session: 10am – 12pm Afternoon Session: 1pm – 3.30pm</p> <p>Fridays</p>

All health visitors and School Nurses should now be contacted on the number to the left, which is the Admin Hub for the whole of South Essex.

Each website contains a calendar of classes and activities held at each site.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning. We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

Full details, including locations of all our Family Hubs and their affiliated Healthy Family Teams are shown below.

Community Fridge

Website: www.carerschoices.org/eat

Address: **The Coffee Grind, Carers Choices, The White House, Kiln Road Benfleet, Essex, SS7 1BU**

Please note: The Community Fridge is not an emergency food service but an environmental project that aims to reduce the amount of usable food that goes to landfill. It is open to everyone and no referral is needed – it is pot luck as to what is available on each day.

The Community Fridge is located in our community cafe, The Coffee Grind. It is open Monday to Friday and available to everyone to donate fresh fruit, veg etc. It is then available to use by those people who can put it to good use. Located within a complex of other local charities people are often signposted to use the fridge by other community groups such as a mental health charity and housing association. A local volunteer for a soup kitchen is a regular visitor on a Friday who makes use of any remaining items to cook meals for those who are homeless.

COVID-19 UPDATE - We have ceased our open door policy at the Jubilee Centre and all staff not designated as being essential workers are no longer attending the office. We are working hard to offer support and appointments for existing clients who we feel will be at risk of harm should their existing appointments be cancelled. No new clients will be offered face to face or group support.

All staff continue to follow the advice given by Public Health England to minimise the risk of spreading the virus and are following Public Health England advice at all times. All fundraising events and training courses have been cancelled or postponed until further notice.

Participants will be contacted and refunds issued as required. If you are holding an online fundraiser, please feel free to get in touch via fundraising@seandcessexmind.org.uk

Whilst we have needed to postpone events and face to face services to protect our clients, staff and volunteer team and our community, we would like you to know that you can contact us by messaging our Facebook page or emailing office@seandcessexmind.org.uk and we will look to help you with any concerns or questions you may have around keeping mentally well during these unprecedented times.

Our mission is to ensure everyone susceptible to or experiencing mental health issues is given all the help, support and guidance needed to enable them to cope more easily and effectively and to intervene as early as possible to ease the situation for those people and their families. Our aims are to:

- To change outcomes for those we work with.
- To help more people.
- To become more organisationally effective.

Upholding our values are paramount to us. We will always operate in a professional and non-judgemental way in order to minimise stigma and fear of mental ill health. We will always respect others and not discriminate based on race, creed, colour, sex, language, religion, political or other opinion, national or social origin, birth or other status, disability, age, marital and family status, sexual orientation, gender identity, health status, place of residence,

BEAMS offers help, support and information to anyone suffering from an eating disorder. BEAMS (Basildon Eating Disorders and Mental Health Support) is a local voluntary service set up to provide support and information for those affected by eating disorders in Basildon and the surrounding areas.

Aims: Eating disorders often leave people feeling that they have no one to turn to. We hope that the sources of support offered by BEAMS will alleviate these feelings of isolation. Eating disorders can also strip a person of their self respect, confidence and self-esteem but with empathy, compassion and a genuine respect, it is our aim to try and change this. As well as offering support we aim to educate and raise awareness of eating disorders and mental health in the community. The telephone / email support is for any person affected by eating disorders, be they the sufferer, carer or any person concerned by another's eating distress.

ACS is a voluntary, independent, non-profitmaking and confidential counselling service provided by qualified, supervised counsellors.

We provide a one to one counselling service for the community with both male and female counsellors.

Our aim is to provide a counselling service which is accessible to everyone in the community whatever their financial status.

We do not charge a set fee, but we do ask clients to make an agreed regular donation. This will be discussed at the first session.

The service is available to any residents, aged 18 or over, who live in the South-East Essex area. (Benfleet & Rayleigh)

COVID-19 UPDATE:

Pregnancy and becoming a parent can be both a wonderful and a sometimes difficult journey to navigate at the best of times. Given the current situation, it is understandable that mums may be feeling lonely or worried. Our fantastic peer supporters can offer a friendly listening ear and provide reassurance, company and flexible ongoing support and information.

Support available:

- *Free one-to-one telephone/video support to pregnant mums and their families in Basildon, Billericay, Wickford, Thurrock and Castlepoint areas*
- *Antenatal and postnatal fitness – we are offering small group online fitness classes with a fully qualified and experienced YMCA personal trainer who specialises in prenatal and postnatal exercise*
- *Virtual coffee mornings – our peer supporters will be hosting virtual group coffee mornings to enable mums to meet, chat and share information*
- *Online workshops for expectant dads*

Expectant parents simply need to contact us on 01268 525758 or email info@parents1st.org.uk

Improving the physical and emotional health of expectant parents through pregnancy, birth and beyond

Vulnerable pregnant women in Basildon and Canvey Island currently have poor access to personalised support to improve their physical and emotional wellbeing and build resilience in preparation for changes ahead. Furthermore many pregnant mothers feel negative about their community and distrustful of professionals.

[Parental Routine/Boundaries Home Page](#)

[Go to Directory Home Page](#)

[Go to Front Page](#)

The project will build upon our previous successful project in Basildon, expanding the service to Canvey Island. 3yr funding secured from Henry Smith Foundation will support sustainability. A continuum of informal one-to-one peer support at home and in hospital, from early pregnancy, through childbirth and post birth.

Volunteers with particular personal qualities and life experience will be recruited from the local area. They will receive on-going high quality accredited training and professional supervision that equips them to promote health and wellbeing and enable women to plan for the birth, manage their care and make informed decisions.

A weekly group exercise programme that improves physical and emotional wellbeing facilitates social support networks and promotes self-care. Pregnant mothers experiencing back pain, mental health issues and obesity will benefit. A fully qualified fitness trainer and health promotion specialist will deliver the sessions.

Peer support Volunteers will encourage marginalised families to participate

COVID-19 UPDATE - Parents' Aid is still in action supporting families despite the current pandemic, seeking creative ways to deliver services whilst home visits are not advisable and our locality surgeries at risk of closure due to restrictions on use of the venues. It may, for example, be possible for us to deliver mediation remotely using an app such as Lifesize. We still welcome referrals and would like to encourage families to ring in at any time if they think we may be able to help.

Parents Aid (Southern Essex) is a charity that works locally, for and with parents and families at risk of social exclusion, to improve the quality of their lives. We achieve change by championing their voices and providing support services to meet their needs.

The Family Mentoring service is a family-led service, that places the needs and voices of the family at the centre of what we do; supporting families towards safer, happier and healthier lives.

Who can refer?

- Anyone can refer, if they have the consent of the family
- Parents can self-refer
- Residents living in the Castlepoint areas or attending a school/college in the Castlepoint area

Who might benefit from the service?

If you are a family and have a child or young person aged between 0-19, and are struggling in areas such as, but not exclusive to:

- Routines and boundaries
- Conflict resolution
- Self-esteem and confidence
- Emotional wellbeing and mental health (anxiety, anger, bullying)
- Isolation
- Challenging behaviour

[Victim of Bullying Home Page](#)

[Go to Directory Home Page](#)

[Go to Front Page](#)

- Finances and budgeting
- Bereavement

We will be able to offer you support.

What it will look like?

After a needs assessment is completed, a recommendation will be made to the family that may include:

- Having direct intervention from a Family Support Worker towards goals determined by the family
- Attending a parent/young person support group.
- Being matched with a fully trained volunteer towards goals determined by the family

The Family Mentoring service offers a range of courses to reflect the needs of families, parents and young people. For example:

- STOP: the course is for parents of a young person aged 10-16 years old, the course aims to improve the relationship and understanding between the parent and young person by increasing the parent's knowledge of effective behaviour management skills that respond to your young person's psychological, physical and emotional needs.
- FLASH: the course is for parents of a young person aged 11 – 17 years old, the course aims to create better communication and personal relationships, between the parent and young person to better support their relationship and provide practical strategies to support their young person and manage the emotional impact of self harm.
- Emotional Wellbeing for young people – this is aimed at young people aged 11 – 16 years old, who are struggling with their anxieties. The course provides space for peer support and person centred approaches that support the development of coping strategies, that allow the young person to progress and develop towards their goals
- Emotional wellbeing for parents – this is a 3 session workshop aimed at parents who have child/ young person who is affected by anxiety. The course aims to provide the parents with a new perspective and strategies to use with their child or young person that can be embedded in family life to support their child or young person achieve their goals, whilst managing their anxiety.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning. We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

The team give children and young people in Essex's schools, colleges and academies access to a school nurse 52 weeks a year.

How can we help?

Working together with schools, we:

- Participate in national campaigns and initiatives e.g. national child measurement programme
- Promote healthy lifestyles
- Support and give advice to young people with medical conditions, to ensure they access the whole curriculum and are not disadvantaged
- Give school staff the information they need to support children with health concerns
- Deliver the national childhood immunisation programme
- Provide drop-in sessions for young people to talk about any health or wellbeing concerns
- Work with children and young people who have complex medical needs

We normally work from 9am until 5pm; however, we'll do our best to make ourselves available to you outside of these hours.

What happens next?

The school nursing service accepts self-referrals through school drop-ins by the young person themselves.

Children and young people can also be referred by parents and carers.

Young Carers are children as young as five years old, and any young person aged under 18, whose life is restricted in some way because they look after someone else on a regular basis.

There are approximately 10,000 Young Carers in Essex and 700,000 across the UK. They may be the main Carer, or provide partial care for their mother, father, brother, sister or other family member due to mental or physical illness, old age or disability.

- One-to-one support sessions in school giving Young Carers the opportunity to talk confidentially to somebody who understands.
- Practical support such as providing support in meetings with teachers to explain why, for example, they have fallen behind with their homework.
- Informal drop-in groups where Young Carers can meet others in the same situation and access information and advice.

All health visitors and School Nurses should now be contacted on the number to the left, which is the Admin Hub for the whole of West Essex.

Each website contains a calendar of classes and activities held at each site.

Family Hubs (formerly known as Children's Centres) are at the heart of our service and are from where we deliver and coordinate most of our services. There is one main Family Hub in each area and we also reach out from there to provide services from nearby Healthy Family Delivery Sites, which may be closer to home and more convenient to access for some residents.

Essex Child and Family Wellbeing Service help other organisations and families themselves to run services and activities from Family Hubs and Delivery Sites. For example, midwives from a maternity unit may run clinics there, as may the NHS service responsible for administering childhood immunisations.

We host an array of family support services who can help you such as the Citizen's Advice Bureau, Home-Start, Safer Places and Adult Community Learning. We are proactively encouraging people from our local communities to play a role in our Family Hubs so if you are interested in leading a peer support group or becoming a volunteer please get in touch.

Whatever your problem however big or small it always seems so much better when you share it with someone. At CMA we will give you all the time and space you feel you need and will be alongside you for however long you want.

Please use the interactive map or Post Code search facility to find your local CMA debt advice centre. They will be more than happy to help. You can either phone or use the email link to request an appointment.

All CMA centres adhere to certain basic principles, including the following:

- Advice is completely free
- Advice is unconditional & completely confidential

There are 13 CYP officers across the force and at least one in each policing district. The role is very much focused on safeguarding and diverting children and young people away from negative behaviours.

CYP officers work closely with partner agencies, including Youth Offending Teams and ensure the correct referrals and interventions are offered to young people at risk of offending or becoming victims.

Their overarching aim is to identify and resolve issues involving young people within the community who are most at risk of becoming repeat offenders or victims, or at risk of harm from Child Sexual Exploitation.

The responsibility of the Missing Person Liaison Officers (MPLO) is to maintain a comprehensive overview of missing people within a defined area in order to identify those who are at risk of significant harm and to co-ordinate the response from Essex Police and its partners, so as to reduce the likelihood of harm occurring to vulnerable people. There are 10 MPLOs; one for each Essex Police District Policing Area.

REALfriends will provide a structured, long term, support program designed exclusively for young people currently enduring bullying. It will provide young people, parents and carers in Uttlesford with information, training and support to help them deal with the effects of bullying.

REALfriends will equip young people with a toolbox of practical skills which will empower and help them deal with the effects of being bullied. They will join a group of 'REALfriends' who will understand what they have endured. As a peer group they will help each other to perfect the techniques they have learned in the club so they become 'bully proof' and safe in the future.

The program has been devised with knowledge gained through extensive worldwide research into the various areas of bullying and the effective resources utilized to combat it.

Young Carers are children as young as five years old, and any young person aged under 18, whose life is restricted in some way because they look after someone else on a regular basis.

There are approximately 10,000 Young Carers in Essex and 700,000 across the UK. They may be the main Carer, or provide partial care for their mother, father, brother, sister or other family member due to mental or physical illness, old age or disability.

- One-to-one support sessions in school giving Young Carers the opportunity to talk confidentially to somebody who understands.
- Practical support such as providing support in meetings with teachers to explain why, for example, they have fallen behind with their homework.
- Informal drop-in groups where Young Carers can meet others in the same situation and access information and advice.
- Information on how to access Respite Clubs in the local area where Young Carers can meet other young people in the same situation.
- Raising awareness of Young Carers to both staff and students through PSHE lessons, assemblies and Teacher Training.

Setting up this group to help those who may need support during the outbreak, as and when it comes.

I'm looking for people to get as many people as we can on the group from Canvey to help elderly and vulnerable Canvey people.

Those that are, or remain fit and able to help those in need, whether it's shopping or someone to talk to in isolation, jobs and chores around house and garden.

Let's be there for another.

<p>Essex Community Shield</p>	<p>A distribution hub has been set up by Essex County Council in Witham in central Essex, with two other hubs set up by Southend and Thurrock Councils. From this weekend, food packages will begin to be dispatched to vulnerable residents.</p> <p>Given the importance of social distancing and the most at risk being able to stay in their homes, ERF members and the voluntary sector are also mobilising resources across the county to provide assistance to a larger group. These are residents who are also vulnerable during the peak of the epidemic, and includes people over the age of 70 or pregnant women, who do not have the support of friends, family or neighbours.</p> <p>Councils across the county are working with supermarkets, delivery companies and other organisations on developing supply lines to people.</p> <p>District Councils will also use their local hubs, which have been established in every district, borough and city council area, using volunteer support.</p> <p>These residents will be contacted by the NHS, or their GP surgeries, starting from early next week, week commencing Monday 30 March.</p> <p>The message will set out the instructions for those people who do not have the support of friends, families and neighbours, to register with the Essex Welfare Service (EWS) (part of PROVIDE, a health and social care provider), should they need food deliveries.</p> <p>They will be able to contact the EWS via essexwelfareservice.org and by calling 0300 303 9988, Monday to Friday between 8am to 7pm, and Saturday to Sunday between 10am to 2pm.</p> <p>We recognise not all of residents identified will need support, and many will have organised their own arrangements already. However, Community Shield’s aim is to ensure that no-one slips through the net. If you need support and have not received a message, please contact the EWS directly.</p>
